Common activities

Common activities in Bangladesh include fishing and going to carnivals.

Bangladesh has an abundance of water, with around 24,000 km of rivers flowing through its fertile land. This is why fishing is so popular. But providing water safe enough for everyone to drink is a complex national problem. Floods, cyclones, earthquakes and droughts are all common in Bangladesh, causing devastating upheaval to people's lives.

Overpopulation

Bangladesh, already overpopulated at 160 million people, is one of the world's poorest countries. But last year, the economy clocked growth of more than 7%, the fastest expansion in more than 30 years.

Language

বাংলা

The main language of Bangladesh is Bengali.

Due to the British colonization of the country, English is also a widely spoken and commonly Understood language in Bangladesh. Besides this, there are 38 languages that are in use in Bangladesh.

About

My name is Alima Ahmed I am a Sophomore at Simmons University. I am first a first generation Bengali-American. I grew up in Fall River, Massachusetts.

My "journey"

Since I grew up in a city where there wasn't a lot of other Bengali people I was confused and couldn't really connect with other people. I did go to Bangladesh once when I five years old. I don't remember much but I would like to go back come day.
